

**We are industry experts,
providing responsive,
trustworthy service with a
solutions-oriented approach.**

That's our partnership promise.

GeoVerra's land surveying, GIS, land development, environmental, and mapping professionals work with Indigenous groups to address their specific needs and expectations, while respecting local concerns and beliefs. Our overarching goal is to contribute to the sustainability and prosperity of the communities we work with.

Our team is made up of Professional Land Surveyors, Registered Professional Planners, Registered Professional Foresters and Forestry Technologists, Professional Agrologists and Biologists and GIS specialists. We provide seasoned expertise and project management solutions to help the communities in which we operate.
