

**We are industry experts,  
providing responsive,  
trustworthy service with a  
solutions-oriented approach.**

***That's our partnership promise.***

GeoVerra is a one-stop-shop for surveying and environmental solutions for pipeline projects. We provide safe and cost-effective solutions for the successful completion of these projects throughout the construction lifecycle.

Our team is made up of licensed land surveyors, project managers, field crews and CAD technicians, focused solely on achieving client objectives through seamless collaboration and providing seasoned expertise you can rely on. With a safety-first mindset, quality assurance and control procedures, coupled with custom solutions and innovative tools, we can provide the best possible service and efficient overall project management.
