

We are industry experts,
providing responsive,
trustworthy service with a
solutions-oriented approach.

That's our *partnership promise*.

GeoVerra thrives on exceeding expectations and creating lasting relationships that clients can depend on. The team's service-first mentality, combined with years of work experience, allows them to provide construction and engineering survey services to railway companies to support the planning, design, layout, construction, and maintenance of their facilities.

Our team is made up of licensed land surveyors, project managers, field crews and CAD technicians, focused solely on achieving client objectives through seamless collaboration and providing seasoned expertise you can rely on. With a safety-first mindset, quality assurance and control procedures, coupled with custom solutions and innovative tools, we can provide the best possible service and efficient overall project management.
