

**We are industry experts,
providing responsive,
trustworthy service with a
solutions-oriented approach.**

That's our *partnership promise.*

GeoVerra's Forestry and Environmental division team members have been providing timber, environmental and land management services to the energy and forestry sectors since 1995.

Our team is made up of Registered Professional Foresters and Forest Technologists, Professional Agrologists and Biologists with decades of experience. We provide full project management solutions and develop plans that incorporate regulatory requirements, stakeholder needs and key operational criteria to deliver project success for our clients.
