

Oil & Gas Services

With deep roots in Western Canada, we know the oil and gas industry well. But it doesn't stop there. With a safety-first mindset, quality assurance and control procedures, custom solutions and innovative tools, we can provide the best possible service and overall project management. GeoVerra completes more well sites than any other survey firm, knows the regulatory environment better than anyone, and efficiency comes second nature with our crews located regionally throughout the country.

Our team is made up of licensed land surveyors, project managers, field crews and CAD technicians focused solely on achieving client objectives through seamless collaboration and providing seasoned expertise you can rely on.

- Emergency Response Planning

“

“Ovintiv and GeoVerra have always had a remarkable working relationship, and I've known some of their employees for over 15 years. We appreciate their responsiveness, proactive attitudes, and the fact that they are on top of current regulatory requirements.”

- Dana Underwood | Senior Surface Land Coordinator, **Ovintiv**
